

GREAT DOWNTOWNS DON'T JUST HAPPEN; THEY ARE THE RESULT OF PEOPLE LIKE YOU.

Residents, business owners, members of civic organizations and volunteers of all stripes and ages, breathe life into the Lititz community. And for more than ten years, Venture Lititz, has served as an advocate for our downtown, fostering initiatives that sustain a vibrant downtown Lititz.

Venture Lititz is powered by scores of passionate volunteers, a full-time executive director and an engaged board of directors, all dedicated to making downtown Lititz a dynamic business environment, a welcoming tourism destination and the best community to live in.

Venture Lititz is a nationally recognized Main Street Program. We use the Main Street Approach, which focus on four points: economic vitality, design, promotion, and organization.

Venture Lititz works in tandem with the borough of Lititz and civic organizations to support and sustain local businesses and our community's quality of life through economic development, business recruitment and retention, beautification projects, community cleanups, and historic preservation and advocacy.
